

# Ridge & Valley TU — NJ

Thursday, January 15<sup>th</sup>, 2015 @ 7:30 pm

Pequest Fish Hatchery & Natural Resource Center

605 Pequest Road, Oxford, NJ 07863

**BEA-MOC Expert Fly-Fisherman WILL DASKAL, VP of Brodhead TU & founder of WILD TROUT UNIVERSITY FLY-FISHING SCHOOL, will UNLOCK THE SECRETS OF FLY-FISHING THE CATSKILL'S BEA-MOC SYSTEM!**

**Planning a trip to the Catskills and don't know where to begin or how to fish these fabled waters?**

Here's an informative **GUIDE TO FLY-FISHING THE BEA-MOC SYSTEM FOR THE BEGINNING OR EXPERIENCED ANGLER**. It's designed to give both novices and experienced fly-fishers alike a far better understanding of this amazing trout fishery, including specific information on the famous pools, tactical approaches, major insect hatches, and effective fly selection — leading toward greater trout catching success!

Will Daskal has been a highly successful fly-fisherman and fly-fishing instructor for almost SIXTY YEARS! Will cut his fly-fishing teeth on the Neversink, Beaverkill, Little Beaverkill, Callicoon and Willowemoc waters in NYS' Catskill Mountains. He also worked as a fly-fishing instructor at Al Caucci's West Branch Delaware River Club for several years before opening WILD TROUT UNIVERSITY FLY-FISHING SCHOOL, his own blue-ribbon fly-fishing school in Horton, NY, located near fabled Chilloway Pool on the Beaverkill River, where he's successfully taught hundreds of anglers how to vastly improve their trout fly fishing skills! Will is now a well-known, successful, fine artist and painting instructor in NEPA, a retired NYC English Teacher and Special Educator, a life-long dedicated conservationist-outdoorsman and a highly spirited, consummate environmental champion actively practicing catch and release fishing for many species. **Will relishes sharing his fly-fishing knowledge with others!**

**This is an information-packed FF guide you won't want to miss!**
