April 2019

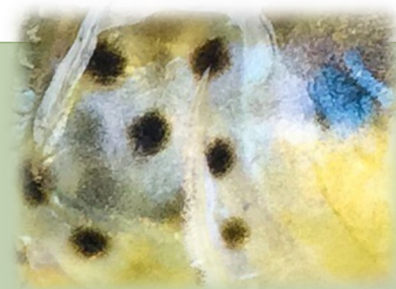

The newsletter of the Brodhead Chapter #289 of Trout Unlimited

Opening Day of Trout Season Saturday, April 13, 2019

The 2019 trout season opens in our area on Saturday, April 13, 2019 at 8 AM. All local trout waters will be open to fishing under their designated regulations at that time. We wish you the best of luck as you shed the winter blues with some time on your favorite water.

April Volunteer Opportunity

If you want to avoid the crowds on the water that morning, come join us as we assist with the Knights of Columbus children's fishing derby at Brodhead Park. First cast is at 8 AM and volunteers can arrive at 7 am. Yes, we have a crowd, too, but it is a joy to see the faces of those kids as they land that whopper!

April General Membership Meeting

Bloom Times, Budburst, Bird Migration and Bugs: What are these Events Telling Us?

April 10, 2019 at 7:00 PM
Brodhead Creek Heritage Center
1539 Cherry Lane Rd
East Stroudsburg, PA

Join the Brodhead Chapter and the Brodhead Watershed Association for a presentation on the effects of Climate Change. Dr. Diane Husic is the Dean, School of Natural and Health Sciences and Professor of Biological Sciences at Moravian College. Dr. Husic will speak on tracking the impacts of climate change using phenology or the change in the seasonal timing of events such flower blooms or insect emergence.

Greetings Members and Friends,

With another successful banquet behind us and our coffers filled we are ready to another year of coldwater conservation. On the advocacy front several pressing campaigns are underway. At the state level, the current budget proposed to transfer 76 million dollars from the Growing Greener Environmental Stewardship Fund and the Keystone Fund to make up for budget shortfalls, I urge you contact Governor Wolf and your state legislatures to make your opinion known. The Pennsylvania Fish and Boat Commission has posted the latest round of waters slated to be considered [Wild Trout Streams and Class A Wild Trout Streams](#), and to comment to the PA Fish and Boat Commission on the proposed [Wild Trout Streams](#), or the [Class A Wild Trout Streams](#). Recognizing the importance of the Delaware River watershed, Congress created the Delaware River Basin Restoration Program in 2016 to focus and enhance conservation efforts in the region. With grassroots advocacy by Trout Unlimited and our partners in the watershed, we have generated bipartisan support for the Delaware in Congress and secured \$11 million for the basin over the past two years. Dedicated funding is now flowing to on-the-ground projects to restore and reconnect streams, mitigate flooding, and improve recreational access. We are asking for the fund to be renewed and expanded for next year. [Click here to make your voice heard!](#)

Our April 10, 2019 General Meeting “Bloom Times, Budburst, Bird Migration and Bugs: What are these Events Telling Us?” at 7:00 PM at the Brodhead Creek Heritage Center.

As always we are looking for volunteers to assist us with our programs and we have a busy month ahead. On Wednesday April 10, 2019 from 9 AM to 1:30 PM, we have our Trout In the Classroom (TIC) Release Day if you are interested, contact our TIC Coordinator, Daniel Steere at dsteere410@gmail.com. The Annual Knights of Columbus Children's Fishing Tournament on Saturday April 1, 2019 at Brodhead Park from, with gates opening around 6 AM and we can use volunteers from 6 AM to 12 PM to assist the Knights in running the contest, if you are interested contact me at ericrobertbaird@gmail.com. The Monroe County Earth Day is on Saturday March 27 from 9 AM to 3 PM and we are looking for volunteers to man our booth, if you are interested contact me. We also have our Fly Fishing Workshop on Saturday April 28, 2019 from 9 AM to 12 PM at the Pocono Environmental Education Center and we can use volunteers of all skill levels, once again contact me if you are interested.

If you need to get out of the house join please feel free us at the Brodhead Fly Tyers will be meeting at the Eastern Monroe Public Library on Monday April 15, 2019 at 6:00 PM.

If you are looking to become more involved we will be forming committees for our upcoming projects and events. Please feel free to reach out to me or any of the Chapter Leaders if you need more information or are interested on becoming more involved.

As we move forward into 2019 please feel free to let me know how you think we can make our Chapter better. We are currently looking for volunteers to step into some leadership roles. We would like to fill our Events Coordinator position and Meetings Coordinator positions so if you would like to step up into a leadership role with the chapter here are some opportunities. There are also many committee roles that we are looking to fill if you might be interested please reach out to me or any of your Chapter Leaders to find out more.

News Notes, Advocacy Opportunities, and Items of Interest:

Legislative News:

- **Proposed Repeal of the Clean Water Rule:** The Army Corps of Engineers (Corps) and the Environmental Protection Agency (EPA) are proposing to significantly narrow the scope of protections for our nation's waters. The proposal would replace a positive, TU-supported 2015 rule (the Clean Water Rule) designed to clarify the scope of Clean Water Act protections, which includes protections for headwaters, intermittent and ephemeral streams, and wetlands. The **new proposal (Replacement Rule) would substantially weaken the Clean Water Act**, one of the Nation's most effective natural resource laws. Go [HERE](#) to learn more and make your comment heard. **Your comments are important and the deadline is April 15, 2019.**
- **Land And Wildlife Conservation Fund:** After five months of lapsed funding, the Land and Wildlife Conservation Fund was approved by the U.S. House and U.S. Senate as part of a larger Natural Resources Management Act (S.47). The legislation was subsequently signed by the President. This program is funded through off-shore oil drilling fees. More information can be found by following this [LWCF link](#).
- **PA House and Senate Environmental Resources and Energy Committees:** Proposed environmental and/or energy related legislation in Pennsylvania will pass through these committees. It is important to be aware of what steps are being taken regarding our natural resource utilization and management. Follow these links and, we suggest, bookmark them and review frequently!

House: <https://www.legis.state.pa.us/cfdocs/cteinfo/index.cfm?Code=8&CteeBody=H>

Senate: <https://www.legis.state.pa.us/cfdocs/cteinfo/index.cfm?Code=9&CteeBody=S>

Local and State Resources:

[Brodhead Watershed Association](#)

[Monroe County Conservation District](#)

[PA Fish & Boat Commission: Rulemakings](#)

[Pennsylvania Council of Trout Unlimited](#)

- **DEP Water Quality Information.** This [link](#) will take you to the PA Department of Environmental Protection (DEP) website that focuses upon water-related issues. You will find links for existing stream uses, proposed rulemaking, anti-degradation measures and more.

Fishing Report

Soon. Very soon. Yes, **Opening Day** is just around the corner and with temperatures rising we should see some good early season action. PAFBC stocking is just about done and the wild trout streams appear to be in great shape. Here are some updates from local waters.

Tom's Creek—

Located north of Bushkill in the Delaware Water Gap National Recreation Area, the waters of Tom's Creek are the clearest this side of Slate Run. Fishing is allowed year-round in the approximately two miles of stream located with the recreation area. Parking is available at the Toms Creek Picnic Area or at the McDade trail

lot along Rte. 209. Due to the storms two winters ago, there are lots of deadfalls in the creek and surrounding areas making the fishing even more challenging than normal. However, if you practice a careful approach and cast accurately, your efforts will be rewarded. Small nymphs were successful patterns throughout the month of March. Expect Quill Gordons, caddis and other mayflies as warmer April weather progresses.

McMichaels Creek—Keystone Select Water

The Delayed Harvest-Artificial Lures Only section within Hickory Valley Park off Hickory Valley Road is open to year round fishing. Now in its second year as a "Keystone Select" water, it is stocked with the standard hatchery fare but also additional, numerous large trout. Bring a net! Access is found from Glenbrook Road and/or Hickory Valley Road and there are three areas available for parking. Early season stoneflies were producing producing some fish in the morning. Expect to see caddis as April brings warmer waters.

Martins Creek-

With headwaters in northern Northampton County, this creek flows southward to the town of Martins Creek and then into the Delaware River. It's a freestone stream with numerous springs providing cooling water and some areas of good macroinvertebrate life...and that means trout! As it is within the Regional Opening Day area, Martins opened to fishing under standard regulations on March 30, 2019. Expect some blue-winged olives and caddis early with Hendrickson's (believe it or not) showing up later in the month. Whereas this is a more southerly waterway, its hatches tend to be a bit ahead of those in the Poconos. Expect to find a mixture of stocked rainbows and wild brown trout, depending upon the stretch you fish.

Volunteer Leaders Needed!

As you know, we are a very busy chapter and that is a good thing. Monthly meetings, special classes and events, advocacy and planning/executing projects throughout the year keep us hopping. Due to all this activity, Brodhead TU Chapter is currently looking for volunteer leaders in the following positions:

- ⇒ Meeting Coordinator
- ⇒ Events Coordinator

If you are interested or would like more information regarding responsibilities for one of these positions, please contact President Eric Baird.

Spring Banquet Report

Thank you to all members, friends, and supporters for your help in making our 2019 Spring Banquet a success. With approximately 160 people attending, we were able to share good food, comraderie, and raise (net) over \$4,000 to support our coldwater conservation efforts. Your support is sincerely appreciated not only by BTU, but also by every invertebrate, amphibian, reptile, trout, fowl, deer, human and community that benefits from clean, cool water in our area and those downstream.

We especially thank those individuals and businesses listed below for your generous donations.

Annual Members Picnic

June 8, 2019 at 3:00 PM
 Brodhead Creek Heritage Center
 1539 Cherry Lane Rd
 East Stroudsburg, PA

Bring your family and a covered dish or desert and join the Brodhead Chapter

for an afternoon of fellowship along Brodhead Creek. There will be a casting contest and other activities for young and old alike.

Brodhead Fly Tyers Club

3rd Monday of the Month at 6:00 PM
 Eastern Pocono Public Library
 1002 PA-611
 Stroudsburg, PA

The Brodhead Fly Tyers Club is a fly tying social club. This is a free evening of fly tying. This is a great opportunity for experienced and beginner tyers to learn from each other. These meetings will be held the third Monday of each month. Specialized topics or tying styles may be promoted on a monthly basis along with presentations by "celebrity" tyers.

Veterans Service Program

Last Wednesday of the Month from
 10:00 AM to
 2:00 PM
 Location To Be
 Determined

The Brodhead Chapter has partnered with VALOR's (Veteran's Assisted Living and OutReach) Major Paul Syverson Veterans Sanctuary located in Kunkletown, PA. The chapter provides guidance and instruction to the veterans at fishing events during warm weather months, and utilizes the Brodhead Fly Tyers Club to provide tying instruction during the winter months. If you are interested in learning more please contact our Veteran's Service Coordinator, Glen Lippencott, at glipp@ptd.net.

Fly Fishing Workshops

Multiple Events Held through the
 Year
 Location Vary

The Brodhead Chapter has developed an introductory program on the art of fly fishing that it provides

and runs for various other organizations throughout the year. The Chapter provides this service free of charge to the organization, though the organization may charge a fee. The program consists of an overview of the equipment, an introductory lesson of basic on the water knots, casting instruction, a hands on entomology lesson, an introduction to flies and fly tying, a lesson on reading the water, and program on where to fish locally.

Trout in the Classroom Release Day Set

On Wednesday, April 10, 2019 Brodhead TU volunteers will assist with the Trout In The Classroom (TIC) Release Day activities on Cherry Creek within the Cherry Valley National Wildlife Refuge. Students from Stroudsburg High School will examine our habitat improvement work, see an electrofishing demonstration, and be introduced to macroinvertebrates, fly-tying and fly-fishing. Part of our Embrace A Stream Grant emphasizes the cooperative work with local school or college students and this is a visible demonstration of this activity. We could always use another hand so if you're available, let us know! We'll start to set up at 9 AM. Below are two photos of the young-of-year brook trout that will be released next week.
